

Mitigation Banking 101

NAEP-SC Workshop

A deep dive into mitigation banking

June 7, 2024

ABOUT

NAEP-SC is delighted to have staff from [Water & Land Solutions](#) join us provide a deep dive into mitigation banking.

Come join us for a fun day of learning, networking, and lunch as we dive into the particulars of mitigation banking and explore the professional life of a mitigation banker.

TOPICS

- What is compensatory mitigation and why is it needed?
- Types of compensatory mitigation
- Identifying where a mitigation bank is needed
- Finding a potential bank location and working with the landowner
- Regulatory processes and hurdles
- Post construction planning & monitoring
- How are credits determined, released, and sold?
